TANVI JAGANATH

BSc. (CBBt), LEED AP ID+C, Green Classroom Professional – USGBC®

MANAGER EDUCATION AND DEVELOPMENT

Tanvi has been an employee of Green Technologies FZCO, an Engineering Company committed to practicing and promoting Sustainable Development, since 2009.

She focuses on conducting Sustainability and LEED workshops for the public and private sector. She also works on the company's business development program, facilitating client outreach programs to provide services to the growing sustainable market.

She became a LEED professional in 2010 which complemented her duties of handling the Education Department. Following Green Technologies' involvement in First Annual Green Apple Day of Service in 2012 initiated by the Centre for Green Schools, USGBC, she gained certification as a Green Classroom Professional. In 2013, she took on the responsibility of being the company's Management Representative further to company's progress in gaining ISO certification.

Her objectives for Green Technologies include:

- Conducting statistical and analytical research on factors influencing the Sustainability Industry and the 'Green Market Shift.'
- Organizing and marketing Sustainability LEED Workshops further to Green Technologies' Education Partnership with the U.S. Green Building Council since 2010, in the Middle East and Asia.
- Liaising with Green Building Councils and the local market regarding Sustainability updates, advancements, seminars and workshops
- Developing presentation material for Seminars on Sustainability.
- Management of correspondence and initiatives related to Marketing, including enhancing the company website
- Presenting one-hour sessions on Green Exam Preparation at selected public workshops.
- Providing selective coaching for the LEED Exams.
- Executing the role of a Management Representative for ISO Quality Management System.
- Developing external and in-house environmental awareness and sustainability training programs for staff.
